# VIRTUAL VISITS SHOULD STILL BE AWESOME.

Through my years of speaking with students, I have seen how a meaningful connection with an author can make a huge impact on a child. My virtual presentations are high-energy, engaging, and interactive. Just because we are connecting through a screen, doesn't mean those connections have to be any less dynamic!

"I think this was my all-time favorite event I've ever arranged with a school."  
—Stephanie Saba,  
San Mateo County Libraries

## LOTS OF OPTIONS:

We can use your preferred virtual platform and even customize the content just for your students. These are my most popular programs:

### THE IMPOSSIBLE MISSION GRADES 4 & UP

I'll share my journey writing about the Thai Cave Rescue, including my in-person interviews with the rescuers themselves. STEM, culture, & drama - this story has it all!

### FROM IDEA TO THE PAGE GRADES 2 & UP

Have you ever wondered how authors get their ideas? In this empowering presentation, I'll share my path from childhood reader to published author. Students will walk away knowing that their stories matter, too.

### LET'S TELL A STORY GRADES K-2

What makes a great story? Who gets to be a hero? I'll read from one of my books and together we will dissect the parts of a story.

## PRICING:

\$500 per visit  
45-60 minute presentation  
Includes student Q&A
